The Mosaics
Collection

SliceStone Marcarré Mosaic

Are unique mosaics made of thin layers of real natural stones. Their natural rough split surface, the variety of colors, the vivid patterns and unique texture all combined make each sheet a feast to the eyes.

Collection

Marmoxite Marcarré Mosaic

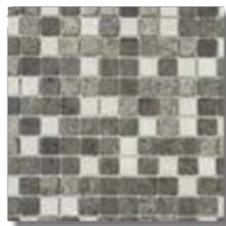

Mosaic tiles are composed of aluminum hydroxide, high quality acrylic binder as well as different sizes of natural stones and fine quartz. The surface of Marmoxite has a stone-like texture, is solidly durable with high resistance and it is non-porous and hygienic.
